PE Backed Leadership Summit

October 10 | New York, NY

A unique event designed specifically for busy operators of PE-backed businesses. Unlike other programs that focus on academic theory and research, with time horizons and strategy sessions geared towards other more generalized ownership models, this summit shares the practical expertise of active, deep-in-the-game practitioners—onstage and off.

It's a great opportunity to sharpen your focus, gain insights from experts and peers and tackle what actually matters to reach a profitable exit in these challenging times.
